Title: Relvinian: Article 1

Author: Archives of Britain

The Guild of Arcane Arts today announced that another mage had achieved Grandmaster status in the city of Britain. Known only as Relvinian, the new initiate into the highest level of the arts has been called an "incredible natural" and "extremely talented." Still, there are some that accuse him of being "just wierd."

"He's ... disturbing," according to Kandace the Lovely, another gandmaster mage. "He's really into all of the summoning spells. He dabbles too much with the darker magics. I don't know He's earned his position, cerainly, I just don't want to be in the same room with him."

Relvinian's tutor, Grandmaster Luthior, agreed with Kandace. "Yes, Relvinian does tend to deal more with

lesser used or altogether forgotten spells, but he means well. He's trying to find ways to help Britannia as a whole, not just on a one-to-one basis. I think he'll be a very positive addition to our community, and I believe Britannia will be hearing more from him."

A small reception will be held in Relvinian's honor at the mages' guildhall in northern Britain.
